

THE NINETY-SIX
HIGH SCHOOL

UNDER THE CONTROL OF
MR. J. MANLY WALKER,
Late Principal of the Williamston Male
Academy.

WILL be opened on the FOURTH MON-
DAY in JANUARY, 1880.
The Trustees are flattered in having secured
the services of one so well recommended as a gentleman
and scholar.

Young men will be prepared to enter a res-
pectable class in any Southern College, or
qualified for the common avocations of life.
Good board can be had at \$10 per month.
Terms, rates, etc., the same as in similar in-
stitutions.

For particulars, address the under-
signed, at Ninety-Six, Abbeville District, S. C.
WILLIAM CARTER,
Chairman Board of Trustees.
Dec. 28, 1859. 41

OLD BROWN'S
EXECUTION.

The Earnest of Better Times.

A NEW ERA
IN FISCAL HISTORY.

WE Shall make it an era too in our busi-
ness by this day closing our books,
and opening accounts for another year.

Our stock, purchased in a Southern City, is
still complete, embracing all articles in the

DRY GOODS LINE.

May those of our friends, who are indebted to
us for previous years, make it an era, grate-
fully memorable to us, for the "Great ingathering
of outstanding dues."

GREENWOOD, S. C., Dec. 2, 1859.

ROCHE & CHRISTIAN,
BOOT & SHOE STORE,

ABBEVILLE, S. C.,
NEXT DOOR TO JACO, HUNTER & CO.

THE Largest assortment of Negro Boots
ever offered in this market, which they
are offering for less money than the same qual-
ity of work has been offered for years past.

By buying large quantities, and thereby
we are able to sell cheaper than the cheap-
est. We have a large supply of fine

Ladies' Shoes,
GENTLEMEN'S

BOOTS & SHOES

Which have been put up, under the
personal supervision of P. ROCHE, one of the
firm's practical Boot Makers, and which will be
warranted to purchasers.

They invite a public inspection of their
stock. Give us a call gentlemen and Ladies,
and we will prove by "ocular demonstration"
the truth of what we say. We feel grateful for
the liberal patronage heretofore bestowed on
us, and respectfully solicit an extension of the same.

ROCHE & CHRISTIAN.
Nov. 2, 1859.

THE
MARSHALL HOUSE.

ABBEVILLE C. H., S. C.

THE UNDER-SIGNED would respectfully
inform the public that he has taken the
large and commodious HOTEL, known as the

"MARSHALL HOUSE,"

situated on the North East corner of the Public
Square.

Having had many years experience as a
Hotel Keeper, he flatters himself that he will be
able to please those who may favor him with
their patronage.

His table will always be provided with the
best market affords.

Every effort will be made to render his House
a home for the weary traveler.

Dec. 16, 1857 31

HOUSE AND LOT IN
Greenwood For

SALE.

BY AUTHORITY from the Court of Equity,
I offer at private sale the House and
lot in Greenwood belonging to Mrs. MARY B.
ANDERSON. The lot contains over

20 ACRES,
is most eligible situated, and capable of great
improvement. What is not taken up in the
enclosure of the dwelling house is in woods.

EDWARD NOBLE,
Trustee.
Dec. 15, 1859 34 31

COPARTNERSHIP
DISSOLVED.

THE Copartnership heretofore existing under
the firm of COBB, HUNTER & CO., is
this day dissolved by mutual consent; the
stock remaining on hand which consists of
almost every article pertaining to a GROC-
ERY STORE, will be sold low for cash and
cash only. Persons indebted are requested to
call soon and settle, as we are determined to
wind up at the earliest period possible. The
same of the firm will hereafter be used only
in settlement.

JAS H. COBB,
JOHN A. HUNTER,
ROBERT JONES,
Dec. 15, 1859 34

NOTICE.

I HEREBY forewarn all persons from tra-
ding for a note which Oliver Hawthorn
has against me for Forty Six Dollars, as I am
determined to settle it with no one except him.
C. G. DARLINGTON.
Dec. 7, 1859, 31

COALS AND CIGARS.

WE HAVE a lot of choice Havana Cigars
and Coals for sale. Call on us at the
store, and we will be glad to serve you.
J. A. ANSLEY & CO.,

RHODES'
SUPER-PHOSPHATE!

PLANTERS seeking Manures, will recollect
that RHODES' SUPER-PHOSPHATE is the
only Manure the late eminent analytical
Chemist, Professor Bickell, of Maryland, pro-
nounced

Standard!

and which has been confirmed by every section
into which this Manure has been introduced.

This Manure is sold under a legal guarantee of

Purity and Freedom

FROM ALL ADULTERATION!

from the eminent manufactory chemists,
Messrs. F. & K. Mott, under whose personal
supervision RHODES' SUPER-PHOSPHATE is
manufactured. This Manure has been used in
South Carolina for several years past, with
great success in the culture of Cotton and Corn,
and is now thoroughly established for those im-
portant staples. Do not let the present season
pass without the experiment.

Read the annexed letters from gentlemen who
have tried it the past season.

J. A. ANSLEY & CO.,
NO. 300 BROAD ST.,
AUGUSTA, GA.

ATHENS, GA., Nov. 22, 1859.

Dear Sir: Rhodes' Super Phosphate has been
applied by me this year, on a small scale, to both
Cotton and Corn. The result exceeded my ex-
pectation, although the experiments, for many
reasons, were not, and could not be conducted
with due caution; yet I am entirely satisfied,
that the growth of wood, in both instances, the
fruit in corn, and the number of bolls of cotton,
were fully double the yield in the portions un-
manured, and this when only a table spoonful
of the Super Phosphate was applied as a top-
dressing to each hill of corn, and a tea spoonful
to each stalk of cotton—and the last as late in
the season as the 18th of July. Some of the
weed grew to nine feet high, with six feet
branches, covered with bolls, while the unma-
nured was not half so good. It is my intention
next year, to test it more fully.

Very Respectfully,
Your most obt. servt.,
M. C. HAMMOND.

UNION POINT, (G. R. R.) Nov. 28, 1859.

Messrs. J. A. ANSLEY & Co.:

Grants—I bought a ton of Rhodes' Super-
Phosphate in Baltimore, last Spring, Mr. H. D.
Leitner, of Berzelia, to test its value as a ma-
nure. I put about 1 1/2 lbs. on an acre of cotton,
the fruit in corn, and the number of bolls of cotton,
were fully double the yield in the portions un-
manured, and this when only a table spoonful
of the Super Phosphate was applied as a top-
dressing to each hill of corn, and a tea spoonful
to each stalk of cotton—and the last as late in
the season as the 18th of July. Some of the
weed grew to nine feet high, with six feet
branches, covered with bolls, while the unma-
nured was not half so good. It is my intention
next year, to test it more fully.
